Year 9 Home Learning 6 - Music

This will be the last week learning about Live Lounge. Last week you arranged the song how you want it to sound.

This week you have a choice between 2 tasks.

Task 1 – Video of Performance

For this task you need to get an audio or video recording of you playing through the song as far as possible and to the best of your ability. Spend at least half an hour practicing it before your final performance.

You can then either email a recording to me or if you would prefer to perform it live then I am happy to record you through a video call on Microsoft TEAMS.

Task 2 – Research on Chosen Artist

For this task you need to demonstrate what you know/like about the musical artist you have chosen.

Fill out the boxes below with as much information as you can about your musical artist.

You are allowed to use the internet to research your artist.

Artist Name:	
Age/Date of Birth:	
Style of Music:	
What you like about this artist:	

Your favourite song and why:
