

11<sup>th</sup> October 2019

Dear Parents/Carers,

### **OFSTED Inspection 18<sup>th</sup>-19<sup>th</sup> September 2019 - Inspection Report**

As you will be aware we underwent our OFSTED Inspection on the 18<sup>th</sup> and 19<sup>th</sup> September 2019. I am delighted to inform you that we have been graded **OUTSTANDING**.

I would like to take this opportunity to thank our amazing staff team. A result like this is not given lightly and is evidence of the hard work, creativity and passion we put into our school community, which has been formally recognised through this inspection process.

I hope our pupils feel incredibly proud of their contribution across the two days as well as their ongoing work and achievements to date, which have been observed and noted by the OFSTED Inspectors. This is also evidence of the very strong parent/school partnership we share and value.

It is a great accolade, but more importantly to me the recognition of the quality of education and the caring ethos of our community. What an amazing success and I hope you, parents and carers, feel very proud that your children attend an **OUTSTANDING** school.

The report recognises very many things about the school, but for me personally the first two sentences highlight the ethos here. "Pupils feel really happy and safe at this school. They know that staff care about them deeply and want them to achieve their best".

Well done Bower Grove School. An **OUTSTANDING** result.

Yours faithfully,

Mrs L Salter  
Headteacher
