

## Simple Website

Create a simple 3-page website using Google Sites on a favourite place. This could be a holiday destination, sporting stadium, or music venue.

As a guide:

Page 1 (Home Page) – Introduces what your website is about

Page 2 (About) – Tells the audience in detail about the place

Page 3 (History) – Tells the audience about the history of the place

Your website should include pictures and text

## Google Sites

To find Google sites go to <https://sites.google.com/new>

You will need to enter your username and password to access this.

### Tutorials on how to use

Google Sites is fairly simple to use. You'll see that from the tutorials below:

#### Create your first site with Google Sites

<https://support.google.com/a/users/answer/9310491?hl=en>

#### How to Use Google Sites

<https://support.google.com/sites/answer/6372878?hl=en>

Either before or after publishing, please share your website.
