Year 8

Week 1

## GAME CONTROLLER PACKAGING

TASK	You are to are to design packaging ideas for a game controller of your choice.
INFORMATION NEEDED	<p>You could include the following information within your packaging ideas:</p> <ul style="list-style-type: none"> <li>Title / name</li> <li>Use of logo</li> <li>Safety information</li> <li>Instructions for use</li> <li>Which machine is it for ?</li> <li>Recycling information</li> </ul>
PROBLEMS TO SOLVE	<p>How will your packaging hold and present the product ?          How will you make your packaging attractive ?          How do people get into your packaging ?          How does your packaging hold together / join.          How does your packaging hang ?</p>
WHAT YOU NEED TO PRODUCE	<p>Sketch ideas for your packaging and fully label the parts.          Complete an evaluation, which explains which design is best and give 3 main reasons why ?</p>
EXTENSION WORK	<p>Make a full size card model of your design.          Decorate with colouring pencils / logos as appropriate.</p>
