

# HOME LEARNING

Year 9

Task 3

This term you will be designing and making a small storage product which will contain a dark activated light or night light.

<p><b>TASK 1</b></p>	<p>Research existing light products.</p>
<p>Here are some examples.</p>	
<p>How to research existing products.</p>	<ol style="list-style-type: none"> <li>1. Use the Internet to search for existing products, make a drawing of any lights you are particularly interested in. Make sure you keep a record of the website and the name of the product.</li> <li>2. Find out the following information about each light:             <ol style="list-style-type: none"> <li>a. The cost of the product.</li> <li>b. What materials it is made from.</li> <li>c. Who the product is aimed at, children or adults?</li> <li>d. Where do you think the product might be used?</li> <li>e. If you don't have access to the internet, look out for adverts on the TV or in magazines or catalogues.</li> </ol> </li> </ol>
