

HOME LEARNING

Class Year 10

Home Learning 2

Your task for this week is to use a technique called Rendering to add colour, shading and texture to your Isometric shapes.

The worksheet takes you through the process of rendering.

When you have completed the process using a pencil have a go at adding colour using coloured pencils.

Keep practicing it's the only way to improve!

When you have completed your drawings take a photo and email to me, Miss P Higgins at phiggins@bower-grove.kent.sch.uk. I am really looking forward to seeing what you have done. I will give you some feedback and for every piece of work I receive I shall give two Golden Tokens and select the best pieces to be published on the school website gallery.

If you have queries about this work, please contact me at
