

Foxes Class

In Foxes Class we are keen for pupils to continue their learning at home. Below are some website platforms that can be used to support your child's learning, for those needing usernames and passwords, these have been sent home and are in your child's home-school planner.

Websites for Interactive learning;

Times table practice		https://ttrackstars.com/	Remember to add the school postcode ME16 8NL
Bug Club reading books and phonics Science bug		https://www.activelearnprimary.co.uk/	Remember to add the school code Xhfh
Cross curricular games and activities		https://www.purplemash.com/login/	

In addition to these online activities pupils must complete the following learning activities this week;

English

Look at this building in the middle of an African village, what do you notice about it? How does it differ from your house? How many people do you think live in this house?

Make a list of any similarities or differences between them.

Maths

Challenge!

Count the stairs, how many steps do you go up when you go upstairs in your house?

Go back down, how many did you go up or down altogether?

Keep a tally, how many can you do in a week?

Science

Inventions

Invent something that could help someone. Who needs help?

What could help them?

Draw a picture of your invention and write about how it will help.

PRACTICAL TASK

Be a helper for someone!

Can you assist someone to make their life easier, can you help your neighbour (with permission and social distancing) with some gardening or help your family with housework?

This week be a helpful hero to someone else.
